

# AMEC Online

## Ordering Standards

June 2007 saw the launch of AMEC's fully functional online ordering system via our website. Some customers already benefit from:

**Additional 5% discount on nett invoice value for all online orders**

**Free carriage for all online orders**

**'Real time' stock checking**

*If you are an account holder and are not already benefiting from online ordering, please register online @ <http://www.alliedmaxcut.com> in order to receive your login details for Online Distributor Ordering*

### Customer Testimonial:

*I have just done my first online order - to date it is the best system of all the applications of various suppliers!!! I am quite impressed - really good!*

## Generating Specials

**Reduced Delivery Time by 5 working days**

Insta-Quote™ is the most powerful, flexible and rapid method available for obtaining special AMEC tool holders and insert quotations on demand online.

Insta-Quote™ is already used across Europe, and is now available to all distributors and authorised account holders in GB £ and € Euros

### The benefits are:

- Custom tool holders and inserts quoted in minutes!
- Drawings provided in 'real time' on screen, instantly
- The widest variety of special application solutions on offer

Easy to navigate with simple prompts, Insta-Quote™ will produce not only a price for manufacturing the special tools required, but will also produce the production drawings which can be viewed on screen in around **60 SECONDS!**
